

Won't  
start?

# SlickSTART™!

Introducing SlickSTART™ — the revolutionary solid-state magneto start booster!

Improve your engine starting... hot or cold. SlickSTART™ unleashes a firestorm of ignition energy to get your engine going... and get you off the ground. So effective, even suboptimal mixtures and seriously fouled plugs won't stop SlickSTART's capacitive discharge output from providing the ignition boost your engine needs for reliable starts every time.

**Power to count on!** SlickSTART™...

- Delivers over 400% more spark energy to your plugs.
- Overcomes poor engine priming.
- Reduces costly electrical stress to your battery and starter.
- Requires no maintenance.

Inexpensive and easy to install! Add FAA-PMA approved SlickSTART™ to your impulse coupled mags or replace your obsolete starting vibrator used with retard-breaker magnetos.

Won't start? Get SlickSTART™ for your plane.
