

Oil Filter Adapters

Aircraft owners using screen oil filters can make a gigantic leap towards maximum engine protection by installing a spin-on oil filter

Spin-on oil filters are 100% effective down to a 60 micron size particle compared to 50% for an oil screen system. At 40 micron sizes spin-on filters are 84% effective compared to 29% for the oil screen

Protect your engine with a
FAA/ PMA Approved Spin-on Oil Filter & Adapter

Angled spin-on adapter,
oil filter and gasket
\$295.00
